

# FSURL - Fuel Sending Unit Repair Lines

## FSURL - Fuel Sending Unit Repair Lines General Application

- Repair Rusted and Leaking Steel Fuel Lines
- Fits all Manufactures General Motors /Ford / Chrysler
- This tube has a protective coating that is Solderable- no painting needed

| Length | Metric GM Fitting  |                        | Rubber   |         | Nylon Quick Connects |          |         | Nylon   |          |         |

## FSURL - Fuel Sending Unit Repair Lines are a convenient, fast and reliable method for reconditioning Fuel Sending Units on the mechanics bench.

These SOLDERABLE LINES duplicate the bend angles and line lengths of the OEM parts. Simply follow the instructions for removing the old rusted lines and replace with the FSURL lines.

### #FSURL-C Oldsmobile Cierra

### #FSURL-K C/K Truck

### #FSURL-P Pontiac 6000
